

DrewTina Development

Who Says Looks Don't Matter?

Not us. At DrewTina Development, we believe that commercial spaces should be beautiful as well as functional and well-made. Think about it. You expect your personal residence to project a certain image. Why would you ask less of your business facility? Discerning professionals know that in order to be successful, they must first look the part.

That's where DrewTina comes in. We are currently developing the DrewTina Commerce Center, a premier office/warehouse complex in the prestigious Crownpointe Commerce Park in south Orlando. Featuring hand-carved marble fountains, wrought iron and marble entry arches, travertine entry surrounds, and many other luxurious touches, the complex is designed to impress. And because the Commerce Center is being built with DrewTina's unparalleled attention to detail and quality, it is also designed to last.

We Just Look Expensive

The phrase "You get what you pay for" is often used by salespeople who are pushing upscale goods and services. You won't hear this kind of talk at DrewTina, where our mission is to give our customers *more* than they pay for. We aren't just overseeing the construction of our projects. We're also responsible for the design, sales, management, leasing, and continued maintenance of the buildings that we produce. With the vertical integration of the development process, we cut out not just one but several middlemen—and we pass the savings on to you.

Building the Future

In addition to the Commerce Center, DrewTina is also developing two other complexes in the front of Crownpointe on Sand Lake Road. The three-story DrewTina Business Center will feature 150,000 square feet of office and retail space. Also three stories tall, the DrewTina Medical Center will offer 66,000 square feet of space for medical offices and medical-related retail and business space.

Don't Miss Out

The DrewTina Commerce Center is now 85% sold out. Spaces in the Business Center and the Medical Center have just recently been offered for sale but are sure to go fast. Act now to ensure your participation in DrewTina's one-of-a-kind developments, where elegance and luxury add a special touch to your day-to-day operations—but won't add to your cost.
